Property Description

This is a development of two- and three-bedroom flats in a magnificent urbanisation in an extraordinary location. The project combines modern architecture with well thought-out landscaping surrounding the building with extensive gardens and communal recreational areas that allow the client to enjoy the resort concept.

Pure Sun will have 159 homes, 50 of them in the first phase. The flats have been designed with an ideal layout, with large spaces and terraces designed as an extension of the house. The orientation of the development and its strategic location make the views and the sun the main protagonists of the terraces.

One of the most attractive features of Pure Sun is the sea views: thanks to the strategic location and configuration of the development, this project offers open sea views from sunrise to sunset.
