Property Description

The development is located in a privileged enclave in the front line of the golf course. It is

located right next to the eleventh hole of La Finca golf course, one of the most emblematic golf courses of the south-east of Spain and a popular destination for golf lovers.

The project consists of bungalow-type houses – either single-storey with a private garden or two-storey with a spacious conservatory, whose terraces, located on two sides, allow them to benefit from sunlight throughout the day.

There are also four blocks with five flats of varying layouts, including models with two or three bedrooms, a terrace and a garden. Some of the flats are equipped with a private conservatory. Despite the differences in layout, each flat offers amenities such as a living room connected to the dining room and kitchen, or access to the terrace or garden from different areas of the house.

La Finca Golf is located less than 5 minutes from the centre of Algorfa, but there is also a shopping centre full of shops and restaurants in the area itself. It is only 20 minutes by car from the town of Torrevieja, while Alicante Airport – one of the main gateways to the Costa Blanca – is 35 km away. The flats offer stunning views of the Escotera reserve and the farmland adjacent to the estate – including the Vega Baja and the Callosa and Crevillente mountain ranges.
