Property Description

The first phase of the development will include 51 flats with 1, 2 and 3 bedrooms. The development, in a great location, is 1 km from the beach.

The buildings have been designed as compact structures, responding to the architects' and designers' ongoing desire for efficiency in development. Positioned at various key points in the residential area, these decisions ensure that the flats are just the right temperature in both winter and summer.

But undoubtedly the main feature of the flats will be their large terraces. Thanks to their regular proportions, they are ideal spaces for outdoor living. The integration of the living room with these spacious terraces will unify your home as a living space where the inside meets the outside.
