Property Description

Each flat provides the perfect combination of design and comfort. The common areas and spacious interiors of the homes have been designed to maximise the use of natural light and offer a uniquely attractive product for enjoying the peace and tranquillity of the area. The spacious living areas have been designed with great attention to detail. Panoramic windows, large-format porcelain floor tiles and the orientation of the house allow maximum use of natural light at all times of the day. Not to mention the magnificent terraces where you can enjoy stunning sunsets.

A modern and functional residential complex, ideal for everyday living. The complex consists of 41 one-, two- and three-bedroom flats, distributed in two low-rise buildings: ground floor, first floor and second floor. There is also an attic in one of the buildings. All properties face south-east. The complex boasts landscaped gardens, a shared outdoor swimming pool and gym, as well as a versatile multipurpose room. The south-east orientation of the houses allows them to benefit from natural light and enjoy the stunning marine environment of the Mediterranean coast.
