Property Description

The modern complex in the heart of tranquil Jacarilla offers 37 new flats – two- and three-bedroom flats with a spacious living room connected to an open kitchen, large terraces or private patios on the ground floor. Ready-to-move-in options with underfloor heating, double glazing and a water-heating cooker are available, adding to year-round comfort.

The location guarantees ideal living and investment conditions: this is the **real estate market in Spain**, specifically **flats for sale Spain** on the Costa Blanca. There are golf courses nearby (Vistabella, La Finca, La Marquesa – 10-15 km), the beaches of Guardamar and Torrevieja (15-20 km), quick access to Orihuela (10 km) and Alicante airport (35 minutes). This is an ideal option for those planning to **buy property in Spain**, looking for a **house for sale in Spain** – these flats do not need to be finished, you can move in straight away or consider them as a tourist investment.

The complex also offers attractive amenities: a communal solarium overlooking the countryside, green recreational areas, all in a secure, gated community. As a result, the location combines the comforts of everyday living, beachside relaxation and ease of use – an ideal investment, whether as a holiday home or permanent residence.
