Property Description

Modern Villas in Ciudad Quesada is for those looking for a luxury residence in the Costa Blanca South. There are two models of homes to choose from, combining elegant design, top quality workmanship and functional layouts to suit different needs.

The two-storey variant includes 3 spacious bedrooms and 2 bathrooms, offering a clear division between the private and living areas for the comfort of daily life for families, guests or remote workers. The single-storey villa, on the other hand, is a modern solution on one level – 3 bedrooms and 2 bathrooms in a barrier-free layout, ideal for those who value space, comfort and no stairs.

The advantage of this location is not only the prestige, but also the unique microclimate. Ciudad Quesada is located between the Mediterranean Sea and the famous salt springs of La Mata and Torrevieja, whose air is known for its health-promoting properties. Just 5 km separates the development from the sandy beaches of Guardamar del Segura, and within a short drive there is a wide range of restaurants, shops, golf courses and leisure activities. This is an ideal location that combines privacy and tranquillity with access to the vibrant centre of the region.

The villa's modern architecture combines minimalist lines with Mediterranean inspiration. With large floor-to-ceiling glazing, clean elevations and seamless transitions between the interior and the garden, each home exudes space, light and harmony. These are elegant residences created for people who want to enjoy the Spanish sun and a luxurious lifestyle all year round.
