Property Description

A 134 m² modern villa is being built on a 210 m² plot, designed with everyday comfort and Mediterranean style in mind. The functional layout includes 3 bedrooms and 3 bathrooms, a bright living area with a living room connected to the kitchen and a practical utility room. The kitchen is fully furnished and equipped with appliances, and the thoughtful illumination – interior and exterior – highlights the architecture of the house and gives the space a cosy atmosphere at any time of the day.

The outdoor area has been created for relaxation: the private 6×3 m swimming pool invites you to swim all season long, and the garden with automatic irrigation makes it easy to take care of the greenery and keep it looking perfect. Wide glazing connects the interior to the terrace, making life flow seamlessly between the house and the garden – the ideal place for family meals, meeting friends and enjoying the sun.

Thermal comfort is ensured by zoned air conditioning (air zone), allowing the temperature in individual rooms to be precisely controlled. It's a proposition that combines quality finishes, functional design and privacy. If you are considering **luxury property Spain** – including **villas with a swimming pool in Spain** – this offering would work well both for permanent
