Property Description

The spacious living spaces have been designed with great attention to detail. The panoramic windows, the large-format porcelain floor tiles and the orientation of the house allow maximum use of natural light at all times of the day. Not to mention the magnificent terraces from which to enjoy the magnificent sunsets.

The kitchens have been designed as an integral part of the living area to create a bright and airy living space for all-day use. The specifications reflect the quality you would expect from such a high quality design, with quartz worktops, white goods and integrated LED lighting for warmth and sophistication. In the bathrooms, the elegance of the large-format porcelain tiles reflects our overall commitment to quality and design.

All this without losing sight of functionality, low energy consumption and specifications that meet criteria integral to all Neinor homes: sustainability, practicality and comfort.
