Property Description

This modern villa on a 550 m² plot combines Mediterranean style with the utmost comfort and a functional layout. The 181 m² of usable space is designed with a bright living room with access to the terrace, a fully equipped kitchen with dining area, a practical laundry room as well as 3 bedrooms and 4 elegant bathrooms. The living area is complemented by a spacious, light-filled basement-garage of up to 130 m² – ideal for two cars, a workshop, a gym or a hobby area.

The exterior of the property is designed for relaxation all year round: an 8×4 m heated swimming pool, wide terraces, atmospheric illumination and a garden with automatic irrigation provide a private, resort-like atmosphere. Glazing seamlessly connects the interiors to the garden, and the layout of the terraces allows you to enjoy the sun at different times of the day – perfect for morning coffee, family dinners and evening gatherings with friends.

Thermal comfort is guaranteed by full underfloor heating and air conditioning powered by efficient aerotherms throughout the house. The kitchen is furnished and equipped with brand-name appliances, while the interior and exterior lighting enhances the architecture and creates a cosy atmosphere.
