Property Description

The development comprises 6 villas, each with 3 bedrooms and 2 bathrooms on two levels, including a fully equipped kitchen and private pool. Features such as private covered parking, electric roller shutters, ducted air conditioning, smarthome and a fully equipped alarm system are just some of the main features of this exclusive development.

This development is the perfect blend of the ancient building tradition of the Mediterranean region with modern architectural solutions. Inspired by classical architectural elements, the villas use natural materials such as stone and wood to create homes that exude warmth and timeless elegance. A key element of the design is to maximise the use of natural light, which streams into the interiors throughout the day, creating pleasant and energy-efficient spaces.

The villas are located in Algorfa, surrounded by one of the most exclusive 5-star golf course resorts in Spain, in the extreme south of the province of Alicante.
