Property Description

In the heart of the prestigious Badia golf course on the sunny Costa Blanca, modern villas created with comfort, privacy and a Mediterranean lifestyle in mind are being built. Each of these exceptional properties offers over 130 m² of living space, laid out functionally and with attention to detail. The houses consist of three spacious bedrooms and three elegant bathrooms, ideal for both permanent residence and relaxation during the summer months. A private pool and a large terrace allow you to enjoy the region's climate all year round.

The villas have been designed using modern materials and technological solutions. You will find, among other things, a reinstallation of the air conditioning, which allows you to individually adjust the cooling system to your needs. Each property also comes with a parking space, which is a great advantage for car owners. The bright, open-plan living areas and excellent sun exposure guarantee a feeling of spaciousness and comfort. This is an ideal option for those looking for **a house for sale in Spain** that combines modernity with nature.

Thanks to its location next to a renowned golf course and its proximity to the Mediterranean Sea, this investment also stands out for its great investment potential. It is a great option for those thinking of **buying a property in Spain** with the possibility of later **earning money**

by renting it out in Spain, or for those looking for a quiet place to live in an exceptional environment. Working with an experienced **Costa Blanca real estate agent** will make the whole buying process easier, advise on **property taxes in Spain** and help you choose the best deal according to your expectations.
